

21st May 2018

Dear Parents / Carers,

As you are fully aware, our school has been through a difficult time recently and as such we have been able to promote stability through Ms Pountain. We are now delighted to inform you that from today we have secured the longer term services of The Dean Trust, a high performing organisation who are very experienced at supporting schools in times of change. The Dean Trust operates in the North West of England and locally in Dean Trust Wigan, a fast improving school.

Mr Barry Bridden will take up the role of Headteacher today and will be supported by a wider team from The Dean Trust who will work alongside the Rose Bridge team to support the school in its journey. Mr Bridden will officially introduce himself to you all after the May half term holidays when you will be able to ask questions about where the school is heading. We will inform you of the date and time of this meeting. This will be an exciting time for the school and we are sure the children will benefit from what will be a very robust and well organised period of school improvement.

I am sure that you will all offer Mr Bridden your support as we all continue our relentless drive for rapid improvements. Our absolute priority will always be to improve the standards of education for our children.

Thank you for your continued support.

Sue Darbyshire
Chief Executive Officer
For and on behalf of Community First Academy Trust
